

Sklar Completes Smackover Well In Little Cedar Creek Area

Sklar Exploration Co., LLC, Shreveport, La., has completed in Smackover at a well in Little Cedar Creek Field area of southern Alabama's Conecuh County.

Results will be released later on the No. 1 Cedar Creek Land & Timber 35-11, NE SW Section 35-4N-12E. No details have yet been released on completion.

Production is from Smackover from perforations at 12,151-162 feet.

The well was drilled to a depth of 12,290 feet. Shows were logged in Smackover and string of 5 1/2-inch production casing was run to 12,290 feet for completion.

The well, a directional hole, was drilled from a surface location in SE SE Section 35 to a proposed bottom hole under NE SE Section 35-4N-12E.

Rapad Drilling and Well Service, Inc., Jackson, Miss., handled contract.

At east offset to the latest completion, Sklar drilled the No. 1 Cedar Creek Land & Timber, Section 35-4N-12E.

A Smackover completion, the well

flowed 277 barrels 48-gravity oil and 190,000 cubic feet of gas per day on a 21/64-inch choke with flowing tubing pressure 500 pounds. No formation water was reported.

Production is from perforations 11,790-820 feet in Smackover.
