

Sklar Offsets Extension To Little Cedar Creek In Conecuh County

Sklar Exploration Co., LLC, Shreveport, La., has offset a completed well in a southern extension area to Little Cedar Creek Field in southern Alabama's Conecuh County.

Latest location is for the No. 1 C. Graddy 34-10, NW SE Section 34-4N-12E.

Proposed depth is 12,300 feet to evaluate Smackover. Contractor for drilling is not available.

The well is located on a 160-acre drilling unit which includes the southeast quarter of Section 34.

At east offset to the latest location, Sklar drilled the No. 1 Graddy 34-8, SE NE Section 34-4N-12E. The well was drilled to a depth of 12,220 feet and logged. Shows were present in Smackover and string of 5 1/2-inch casing was run to 12,220 feet for completion.

The well has now been perforated in Smackover at 12,004-18 feet. Tests have been run and results will be released at a later date.
