

## **TMS and Wildcat Permitting**

### **Ramps Up in Southeast U.S.**

In the last three weeks, 75 wildcat permits were filed with a majority of the permits located in Wilkinson Co., MS (21 permits), Madison Co., TX (12 permits) and Calcasieu Parish (12 permits). Notably, Halcon Operating filed 18 wildcat permits targeting the Tuscaloosa Marine Shale in Wilkinson Co., MS while Phillips 66 filed 12 wildcat permits to drill injection wells in Calcasieu Parish, LA.

The 75 wildcat permits are up from 49 since the previous Southeastern Oil Scout dated September 12. In the last issue, wildcat permitting was led by Sanchez Oil & Gas with six TMS permits, Comstock O&G with four and Goodrich Petroleum, Sklar Exploration and Venture O&G with three permits each.
